Sir:

In response to the Final Office Action mailed November 5, 2002, please amend the
above-identified application as follows:

IN THE CLAIMS:

Please amend the following claims according to the attached Appendix. The final form
of these claims is set out below.

1. (Twice Amended) A method of evaluating characters in a message, comprising the

steps of:

creating a character table bank having at least one row representing an entry for a
predetermined character and a plurality of columns associated with a corresponding row,
wherein each column is associated with a predetermined character set;
accepting an input of the characters of the message; and
